

A legacy for future advanced practice psychiatric-mental health nursing

The International Society of Psychiatric -Mental Health Nurses (ISPN) was formed in 1998 with the mission to unite and strengthen the presence of specialty advanced practice psychiatric-mental health nursing. In 2003, the ISPN Foundation was established as a trust to support the mission of ISPN.

The ISPN Foundation is working to accomplish the following:

- Foster and enhance research and scholarship
- Promote relevant educational preparation for the practice of psychiatric mental health nursing
- Develop partnerships that strengthen the delivery of mental health care around the globe

The Foundation traditionally sponsors a fund raising event at ISPN's annual conference. Additional strategies are needed to raise the much needed funds to achieve our goals. Your support is critical.

Please consider partnering with the ISPN FOUNDATION by making a financial contribution that will have a long-term impact upon psychiatric and mental health care in our global community.

What a difference your support can make!
