What is the Annual Conference?

The International Society of Psychiatric-Mental Health Nurses (ISPAN) Annual Conference is a dynamic convergence of advanced practice psychiatric and mental health nurses from all around the world. A blend of educational sessions, social events, career networking and the exhibit hall draw a consistently growing population of the most influential nurses in psychiatric and mental health care. The Annual Conference is a central part of the psychiatric and mental health nurse community's efforts to maintain professional excellence in patient treatment.

The ISPAN attendees come to find what's new in psychiatric and mental health nursing, as well as in products and services that will help them work. The Exhibitor Showcase offers an unmatched opportunity for suppliers to reach the broad market serving the ISPAN members. The restricted number of booths ensure that the exhibitors don't get lost in a crowd of competitors. Scheduling refreshment breaks and social events the exhibit hall brings more traffic to the exhibit area.
