

3-Year ISPN Strategic Plan

VISION

ISPN will be the premier, global psychiatric-mental health nurses' organization.

MISSION

To promote advanced psychiatric-mental health nursing leadership in practice, research, education, and policy worldwide.

ISPN VALUE STATEMENTS

Collaborate

with our nursing colleagues and other professionals locally and across the globe in advancing mental health well being

Advocate

for individuals, families, and communities to reach the highest level of mental health well being

Recognize

the physical, mental, social, environmental, cultural dimensions of health

Empower

our members' personal and professional development as leaders, mentors, practitioners, researchers, and educators

Respect

equity, diversity, inclusiveness, social justice, and value pluralism

STRATEGIC GOALS

- **Cultivate** individual and organizational partnerships locally and globally.
- **Increase** ISPN influence and proactive support for mental health of populations.
- **Increase** the recognition of ISPN amongst professionals and the public.
- **Advance** mental health knowledge, skill, and expertise of members and interprofessional colleagues
