Washington, DC 20515

Dear Chairmen Walden and Brady as well as Ranking Members Pallone and Neal,

On behalf of the 46 undersigned organizations representing the Nursing Community Coalition, we would like to thank you for your work to ensure the inclusion of Section 303, *Allowing for More Flexibility with Respect to Medication-Assisted Treatment for Opioid Use Disorders*, in the SUPPORT for Families and Communities Act (H.R. 6). The members of the Nursing Community Coalition are the cross section of education, practice, research, and regulation within the nursing profession and fully support the inclusion Advanced Practice Registered Nurses (APRNs) as critical providers working to curb the opioid epidemic. With over four million licensed Registered Nurses, APRNs, and nursing students, the profession embodies the drive and passion to continually improve care for patients, families and communities. The coalition is committed to improving the health of our nation and we strongly believe Section 303 of H.R. 6 helps to achieve this end.

According to the National Institute on Drug Abuse, approximately 115 people die from an opioid overdose every day. Amending the Controlled Substances Act (21 U.S.C. 823 (g)(2)(G)) to permanently authorize Nurse Practitioners and provide a five-year authorization for Clinical Nurse Specialists, Certified Registered Nurse Anesthetists, and Certified Nurse-Midwives will greatly expand access to patients suffering from opioid addictions. Opioid misuse, dependence, and overdoses are on the rise, despite the many actions put in place to try to curb this crisis. APRNs are critical agents in treating these patients and are sometimes the sole providers of this care in medically underserved areas that struggle to recruit and retain providers and are hit hardest by this epidemic.

Again, we commend inclusion of Section 303 within H.R. 6, and appreciate your continued support for America's nurses by reducing barriers that impede access and quality care. If the Nursing Community Coalition can be of any assistance to you or your staff, please do not hesitate to contact the coalition's Executive Director, Dr. Suzanne Miyamoto, at smiyamoto@aacnnursing.org or 202-463-6930, ext. 247.
